Writing :

You have noticed that waste is increasing in your town and is affecting the environment and people's health .

As a member of a Go Green association write a 10- line post to be shared on the association's Facebook page .Suggest at least 3 ways to reduce pollution and protect the environment .

Title : Reduce waste , be healthy

Intro : We've noticed an alarming increase in waste in our town, harming our environment and our health. That's why I have decided to write this Fb post to share with simple steps we can all take to make the necessary change to this planet .

Body :

① the most prominent way to reduce waste is by adopting the 3 R's .By reducing , recycling and reusing we can minimize the rubbish we throw away every day .

② another effective way to keep our mother earth a good place to live in is by volunteering for local club events and urging family members as well as friends to take part in clean -up days .This collective action affects positively not only the environment but also the community spirits .

③ you can help the environment by doing very simple gestures and by changing daily routines .For example , you can turn your leftovers to a compost that you can use to fertilize your garden soil .

Conclusion : Let's work together to create a cleaner, greener future for everyone.
