Hi! My name is Jimmy. It is the autumn season now. Autumn is a fun time at our house. There are lots of things to do. We rake up the leaves. Then we put them into big piles. Then we run and jump into the big pile of leaves.

My dog loves to play in the leaves too. My dad fills up a basket and carries the leaves to a corner in our garden. Next year the leaves will turn to new earth.

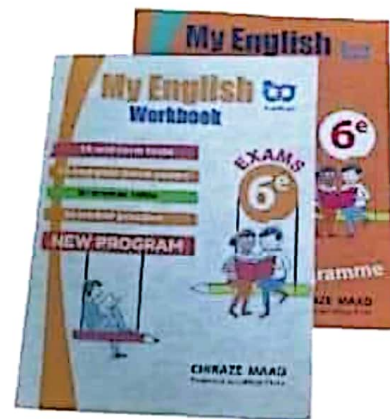

Autumn is also a great time to fly a kite. You can buy a kite at the store, but my dad and I like to make our own kites. This is the kite we made last week. It is brown, yellow and orange.

The bows are blue, light green, dark green and pink. The bows help the kite fly better. It flies really well on a windy day. We often go to the park or the beach to fly our kites. What do you like to do in the autumn?

Autumn is the season that follows summer .It is also called the Fall because leaves fall down the trees on the ground. September, October and November are the autumn months and I'm lucky because I was born in October . In that season I can do many fun activities and enjoy myself with family and friends especially on my birthday when I hold a big party in the garden . Because my hobby is to make kites , I always make nice ones and fly them in the park or on the beach with friends . The 15<sup>th</sup> of September is when the new school year starts .So, my parents and I love shopping for new clothes .I like to go back to school to meet my friends and teachers . Really , autumn is the best season ever .
